

Dear Service Provider,

The Johnston County Fire Marshal's Office has instituted a process for service providers who inspect and test fire protection systems. Effective 9/15/2020 **ALL** compliant & non-compliant fire protection systems test reports are required to be sent to the Johnston County Fire Marshal's Office electronically by your respective organization via The Compliance Engine's online system at [www.thecomplianceengine.com](http://www.thecomplianceengine.com).

The Johnston County Fire Marshal's Office is dedicated to delivering 100% compliance with our adopted Fire Code. This web based service will aggregate, track and streamline the collection of compliance data of our jurisdiction's systems. Property owners will receive timely proactive notifications of their testing requirements, and the Johnston County Fire Marshal's Office will gain the ability to better mitigate the risk in our community by improving public safety to our citizens.

All service providers who inspect or test fire protection systems within the Johnston County Fire Marshal's Office jurisdiction are required to register and submit all test, inspection and service reports via The Compliance Engine. All reports must be submitted in accordance with the testing schedule and requirements outlined in our adopted fire code.

This proven process requires the service provider to pay a nominal filing fee at the time of submittal. There is no fee to register your company with The Compliance Engine. Once registered, pricing is viewable under Johnston County Fire Marshal's Office icon in The

# JOHNSTON COUNTY EMERGENCY SERVICES
